Terms & Conditions

Guarantee

All product guarantees are subject to the following terms & conditions:

The product has been fitted/installed in accordance with the appropriate fitting instructions, local by-laws and general good trade practice. The guarantee will become invalid if the product has not been maintained and cared for in accordance with the instructions (including regular misuse, neglect, wilful or accidental damage). The guarantees on all products are from the date of supply unless otherwise stated. The guarantee only covers the material structure and not serviceable moving parts that perish due to wear and tear. In the event of the guarantee claim, the liability of the seller is limited to the product supplied and does not extend to consequential loss or damage arising from defective product. The guarantee applies to the original purchaser only and is not transferable. This guarantee does not affect your statutory rights and is applicable in the UK. All products (excluding Geberit) installed in a commercial environment carry a 12 month guarantee.

Inspection

All products must be inspected prior to installation and faulty or damaged goods must be reported within 24 hours of receipt of delivery. In the event that goods are delivered incorrectly or damaged, it is the responsibility of the customer to ensure sufficient time is allowed for a replacement item to be sent.

Batches

Please be aware that the following products are manufactured in batches: PVC Wall Panels, Flooring & PVC Ceiling Panels. Whilst there will be minimal shading difference there is no guarantee it will be identical. Batches are there to guarantee continuity.

Returns

Goods not used and still held as current stock can be returned to us within 28 days of purchase, provided they are in their original packaging, unopened and undamaged with a copy of the original invoice and in saleable condition. A restocking charge may be applicable. We cannot accept product returns that have been made by special order or have been reduced in price for display purpose or any special offers. No discontinued stock can be returned.

Carron baths placed to order which are not featured in the brochure are subject to a 25% re-stocking charge as per Carron Bathrooms terms and conditions.

Disclaimer

The specifications and prices contained within this brochure are for information purposes only and, as our products are continually updated, are subject to change without prior notice. We cannot be held responsible for the use of incorrect dimensions shown for the first fix without the actual products on site. All images shown are representative and are for illustrative purposes only. On occasions the manufacturer may make minor changes to the design of a product, due to this the item/items you may receive may have slight differences to the picture displayed in the brochure.

Pricing

KB
BATHROOMS

For over a decade, KB bathrooms have been leading the way in bathroom distribution.

As Scotland's largest bathroom supplier, we work alongside industry leaders to provide the best products on the market, allowing customers to make their dream bathroom a reality.

With our next day delivery, expert product knowledge and dedicated sales and after care service, we are with you every step of the way and that's why we believe, we are bringing the personal touch back to bathrooms.

Brochure Icons

To help you choose the right products for your project, we've included some helpful icons that highlight key features in each range or product.

SANITARYWARE

WC & Basin Guide

Close Coupled (C/C)

Standard Close Coupled WC. Cistern is visible for ease-of-access. Mounted directly to pan.

Close to Wall

Similar to a C/C WC, however pan extends back to fit flush with wall, so all pipework is hidden from view.

Comfort Height

A C/C or BTW pan with raised height. More comfortable for those who are taller or have mobility issues.

Back to Wall (BTW)

Cistern and pipework are hidden within wall or WC unit. Requires separate concealed cistern.

Wall Mounted

Mounted to wall with pipework hidden inside. Requires an in-wall frame and cistern.

Pedestal

Standard basin resting on top of a full pedestal which supports the basin and conceals the pipework.

Semi Pedestal

A wall mounted basin taking advantage of a smaller pedestal to conceal pipework.

Semi Recess

A low profile basin mounted into a worktop with the pipework concealed inside a vanity unit.

Countertop

A standalone basin which sits on a worktop— pair with a hi-rise or wall mounted basin mixer (see from page 242) for a stylish solution.

Right Hand Bath

Cast Marble & Solid Surface Baths

Choose a Cast Marble or Solid Surface bath for the ultimate in style and luxury. All baths come as standard in a stunning Matt White finish.

Looking for something a bit bolder. No problem! You can customise your bath with any RAL colour (including the waste). Cast Marble are full colour (outside and inside) while Solid Surface baths are dual colour (the inner bath remains Matt White).

Solo		
	L1350 x W740mm	
CAST MARBLE	IQBC1374WHM15	£2899.00
SOLID SURFACE	IQBS1374WHM15	£3199.00

i
Cast Marble is durable, resembles natural marble and can be customised with a full colour finish

i
Solid Surface is highly durable and more resistant to scratches and can be customised with a dual colour finish

i
Customise your bath with any RAL colour (14 day lead time)

Easy Plumb Kit

- Raises the shower tray 90mm to allow drainage to be installed above floor level
- Levels tray on uneven floors
- Upgraded feet design allows screwing directly in to shower tray base
- New tray underside design
- Flusher fit to the floor with threaded inserts to accommodate re-designed feet
- Ensures solid connection for extra stability and easier installation

Digital Valves

i TOGO & VENN Series can be used with any shower fittings

Power Dial

Activate the flow by pressing the control dial. Once on, turn the dial to adjust the temperature. LED lights surrounding the control dial will change colour to indicate the current temperature setting.

When you have reached your desired temperature, press the dial. This will switch to the default outlet, which is represented by a new colour and a corresponding icon on the OLED digital display panel.

Cool Touch

Our advanced shower controls and trim plates are isolated from the water valve, ensuring they're always cool and safe to touch. Unlike traditional bar or thermostatic valves, none of our exposed components can scald you.

Automatic Safety Shutdown

If the water or power supply fails, the shower will turn off completely for your safety. This enhanced safety feature gives you complete reassurance.

Digital Display

Our innovative easy to read digital display accurately outputs the precise temperature and selected outlet. Simple, clear and highly responsive.

Easy Divert

TED TOGO and VENN shower valves have a diverter function for up to 3 outlets, providing the maximum showering flexibility. Changing between outlets is easy with icons clearly indicating your selection.

Venn 2 Outlet Processor & Square Interface

- 56mm buttons and digital screen
- Flow and temperature controls
- Timer setting
- Independent diverter buttons
- Landscape or portrait format
- Square brass backplate
- Switch between Fahrenheit and Celsius
- Operating pressure 1 bar

TOGO Single Outlet Collection

- Single dial size: 50mm x 50mm
- Circular mini backplate

The TOGO Series Single Outlet epitomises minimalist elegance, offering a refined and intuitive control experience.

Perfectly designed for single outlet showers, bath, or basin fillers, this advanced interface merges cutting-edge technology with effortless usability.

TOGO Single Series can be used with any shower fittings, bath or basin filler

With the TOGO Series Single Outlet, your chosen temperature setting remains consistent, ensuring a safe and comfortable shower every time. Additionally, the TOGO Series Single Outlet prioritises your safety with its automatic shutdown feature, which activates in case of any water or power supply disruptions.

TOGO Wireless Buttons

- Single button size: 45mm x 45mm

Elevate your daily shower experience with our advanced wireless control system. Manage your shower effortlessly from up to 7 meters away, ensuring a perfectly warm and inviting shower every time.

Our innovative wireless button is self-charging and operates without the need for external power or complex installation. This ensures seamless integration into your bathroom without any disruption.

TOGO Wireless Buttons are compatible with all TOGO Series interfaces

With a simple press, the button initiates water delivery at a default temperature of 38°C.

For added style and coordination, our wireless button is available in seven exquisite finishes. Each finish is designed to perfectly complement your chosen TOGO Series interface, blending elegance with unparalleled functionality.

KB
BATHROOMS

This year has been an exciting one within the bathroom industry, with many new fantastic additions to the market.

We are delighted to once again, offer the latest in style and innovative design across multiple product ranges, allowing customers to realise their full bathroom potential.

We would also like to take this opportunity to thank our partners, suppliers and customers for their continued support over the years.

As always, it has been a pleasure to work with you all.

From...Everyone at KB Bathrooms!
