Meet the Team

Introducing the People Behind the Scenes

Natalie Gray

Creative Marketing & Display Coordinator
natalie@kbbathrooms.co.uk

From CAD visuals to curated displays, I make sure our Product Display Area is styled to inspire – whether it's for client visits, staff training, or showroom refreshes.

I also handle samples, swatches, and creative requests that add thoughtful flair to the customer experience.

David Rayner

Sales Team Leader
david@kbbathrooms.co.uk

After six years at KB, I've recently stepped into the role of Sales Team Leader.

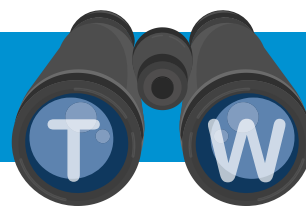

I oversee daily operations, support our sales team and manage key accounts.

What makes KB special? The people – friendly, helpful, and always ready to go the extra mile.

What's Inspiring Us Now... Insight from the KB Display Team

Soft Geometry

Rounded edges on basins, mirrors, and furniture are making a comeback. They soften the space and feel more inviting.

Earthy Greens

Olive and Sage are leading the colour palette this season, especially when paired with warm neutrals.

Smart & Subtle

Customers love tech that blends in. No need for flush plates when Smart Toilets come with remote/app control and mood lighting.

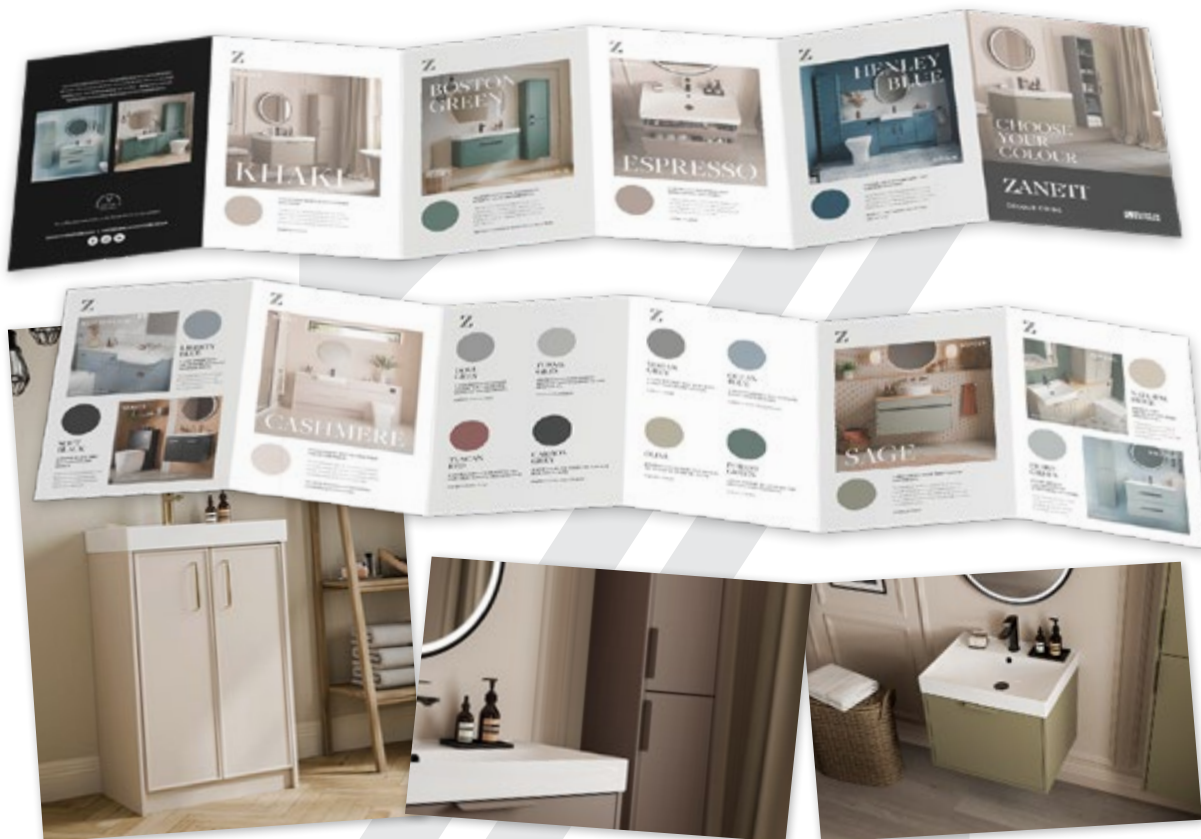

Design Insight: The best displays don't just show products; they tell a story. Think lifestyle, not just layout.

JACKOBOARD®

What is Jackoboard?

Made from an extruded polystyrene foam, JACKOBOARD® construction boards are waterproof, easy to work with and cut and truly lightweight.

Finished on both sides with a special coating and reinforcing fibreglass mesh, they are ready to be tiled, rendered or plastered.

Their excellent thermal insulation properties give them enormous advantages over plasterboard or cement board.

The construction boards are perfectly suited for interior construction and furnishings—especially in rooms subject to high levels of moisture.

Natalie's Picks...

This month, I'm loving finishes that feel grounded and tactile— think Khaki cabinetry paired with brushed brass accents or Espresso tones softened by creamy stone textures.

These combinations bring warmth and depth to showroom styling, especially as we head into autumn.

Styling Tip

Layering matte finishes with natural textures (like wood grain or linen-look tiles), creates a calm, curated feel that customers instantly connect with.

Ask Keith...

Our resident expert is here to answer your frequently asked questions.

Q. My drench head shower is constantly dripping...what can I do?

A. It could be a few things, but I would suggest that you ensure the shower head is level...this keeps water in the nozzles and prevents air getting in.

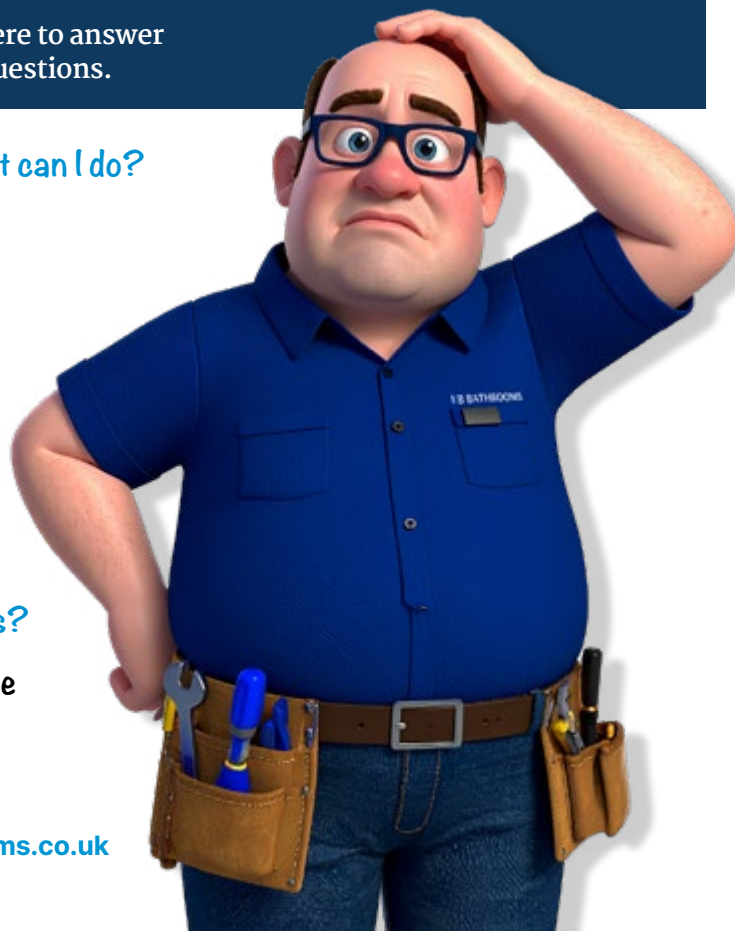

Q. I'm finding it difficult to get my plywood wallboards to fit together...can you help?

A. Try rubbing wax or soap on the tongue & groove... this will help the joints slip together.

Q. My LVT flooring is not going together...any thoughts?

A. Using an off-cut of the flooring as a block, knock the boards into place with a rubber mallet, then use the mallet to tap the short joints together?

Nevis Furniture

Recently we have had some supply issues with our popular Nevis furniture range.

We want to reassure our customers that our UK manufacturer is back on track and all units are now back to being made to the same quality levels as before.

We apologise to any customers who were affected by the temporary change.
