Easy Plumb Kit

- Raises the shower tray 90mm to allow drainage to be installed above floor level
- Levels tray on uneven floors
- Upgraded feet design allows screwing directly in to shower tray base
- New tray underside design
- Flusher fit to the floor with threaded inserts to accomodate re-designed feet
- Ensures solid connection for extra stability and easier installation

Digital Valves

TOGO & VENN Series can be used with any shower fittings

Power Dial

Activate the flow by pressing the control dial. Once on, turn the dial to adjust the temperature. LED lights surrounding the control dial will change colour to indicate the current temperature setting.

When you have reached your desired temperature, press the dial. This will switch to the default outlet, which is represented by a new colour and a corresponding icon on the OLED digital display panel.

Cool Touch

Our advanced shower controls and trim plates are isolated from the water valve, ensuring they're always cool and safe to touch. Unlike traditional bar or thermostatic valves, none of our exposed components can scald you.

Automatic Safety Shutdown

If the water or power supply fails, the shower will turn off completely for your safety. This enhanced safety feature gives you complete reassurance.

Digital Display

Our innovative easy to read digital display accurately outputs the precise temperature and selected outlet. Simple, clear and highly responsive.

Easy Divert

TED TOGO and VENN shower valves have a diverter function for up to 3 outlets, providing the maximum showering flexibility. Changing between outlets is easy with icons clearly indicating your selection.

Venn 2 Outlet Processor & Square Interface

- 56mm buttons and digital screen
- Flow and temperature controls
- Timer setting
- Independent diverter buttons
- Landscape or portrait format
- Square brass backplate
- Switch between Fahrenheit and Celsius
- Operating pressure 1 bar

CHROME VEN2-SQR-CH £1599.00

Venn 3 Outlet Processor & Square Interface

- 56mm buttons and digital screen
- Flow and temperature controls
- Timer setting
- Independent diverter buttons
- Can use 2 outlets simultaneously
- Landscape or portrait format
- Square brass backplate
- Switch between Fahrenheit and Celsius
- Operating pressure 1 bar

TOGO Wireless Buttons

- Single button size: 45mm x 45mm

Elevate your daily shower experience with our advanced wireless control system. Manage your shower effortlessly from up to 7 meters away, ensuring a perfectly warm and inviting shower every time.

Our innovative wireless button is self-charging and operates without the need for external power or complex installation. This ensures seamless integration into your bathroom without any disruption.

TOGO Wireless Buttons are compatible with all TOGO Series interfaces

With a simple press, the button initiates water delivery at a default temperature of 38°C.

For added style and coordination, our wireless button is available in seven exquisite finishes. Each finish is designed to perfectly complement your chosen TOGO Series interface, blending elegance with unparalleled functionality.
